LUXE SIGN V50, V55

www.onandsys.com

ABOUT

The On&Sys Luxe Sign is a premium digital display built with a solid metal frame, designed for luxury retail and showroom environments. Available in 50" and 55" sizes, it delivers vibrant visuals that elevate brand presence and product promotion. Ideal for cosmetics, fashion, and high-end retail, the Luxe Sign supports content updates via Wi-Fi and USB. Its robust construction and refined design make it the perfect blend of durability and elegance for premium spaces.

COLORS

The On&Sys Luxe Sign is available in **three elegant color** options: black, white, and gold. Each finish is carefully selected to complement a variety of interior aesthetics, from modern minimalism to opulent luxury. The **black** variant offers a bold, sleek presence; **white** brings a clean and contemporary feel; while the **gold** edition adds a touch of sophistication and grandeur, making it ideal for high-end retail and showroom settings.
